INAUGURAL COMMITTEE

HEARD REPORTS OF SUB-COMMITTEES.

Work of the Celebration Well Under Way—Mr G. R. F. Kirkpatrick Appointed Treasurer.

The inaugural celebration committee met last night in the council chamber. There was a fair attendance, and reports were heard from nearly all the committees. The work of preparing for the celebration is well under way, the committees have all been attending to their several duties and working with the object of making the celebration a success.

The preliminary preparations are practically all made, the duties of the different committees carefully defined, and the plans laid for the working out of the whole scheme of the celebration. The committees are working together in a most harmonious fashion and lending each other aid in every possible manner. The mayor presided at the meeting and called upon the chairman of the different committees to report.

For the parade committee Mr. Ibbotson reported that the work of that committee was progressing very favorably. They had met several of the unions, and they were rendering good assistance.

Mr. T. W. Lines, for the school children's committee, reported that arrangements were being made very satisfactorily. There would be about 1800 children in the procession. Arrangements for games and refreshments had been made for them. His committee requested that the grounds east of the city, and be set apart for the children, and also wanted to know the route of the parade. They wanted the portion of the race track in front of the grand stand for the children during the ceremony of the swearing in of the Lieutenant-Governor, and also the children might leave when the parade began. This would be an advantageous position for the children to sing. These requests were practically agreed to.

Mr. J. A. McKinnon, chairman of the reception committee, reported that until later information was received as to who would attend. The Governor-General and Lady Gray are coming, but they are coming overland by way of Lloydminster, and their private car would be here, so they would not require so much of the committee's attention, though conveyances, etc., would be arranged for.

A committee of ladies would be arranged to assist the reception committee.

A meeting of the committee will be held soon to arrange the details of its work.

Mr. J. H. Morris, chairman of the games committee, said they were going to put up an excellent baseball game and also one of lacrosse. A good game of polo was also arranged. They had spent some \$80 in preparing the ball grounds. They arranged with the turf club to put on several named races which would be worth while. They expected an excellent list of sports and expected to have a surplus of some \$120 when their work was done.

Alderman Clark, for the street music committee, reported progress. He wished to know the parade arrangements. He would ask for a larger appropriation to bring the Calgary band here. It was the unanimous opinion of the committee that Bagley's band and orchestra

PEACE CONFERENCE

PASS TWO MORE CLAUSES

The Surrender of Leases Held By Russia Affecting the Liao Tung Peninsula Agreed To.

Plymouth, N.H. Aug. 16.—Article four of the peace terms relating to the session of the Russian lease in the Liao Tung Peninsula has been unanimously passed, as has article six but article five relating to the surrender of Sakhalin Island has been referred for consideration at a later date. It is understood that M. Witte has full power to deal with lesser questions but not with any relating to the session of territory or the payment of any indemnity which must be submitted to the Czar personally.

JAPANESE DRIVEN BACK

Tokio, Aug. 16.—A Japanese landing at Port Lazaroff, Korea, has been beaten back by a Russian detachment.

SANATORIUM FOR MANITOBA

Winnipeg, Aug. 15.—Local medical men presided over by Dr. Pennifather tonight endorsed the scheme for building a \$100,000 health resort at Holland, Man., fronting on the Assiniboia river. The whole sum has been guaranteed and an application will be made to the Provincial Government for an extensive land grant for park purposes.

GENERAL FRENCH DISSATISFIED

Winnipeg, Aug. 16.—General French arrived in the city today from the east. Taking to your correspondent he said he was not altogether satisfied with the transference of Esquimaux and Halifax to Canada, as he thought it might encourage a Canadian military spirit. Still he feared the defenses might eventually be started.

LAKE ONTARIO STORMY

Toronto, Aug. 16.—One of the worst storms in the experience of local mariners, commenced last evening on Lake Ontario and raged until 7 o'clock tonight. Not a steamer left Toronto harbor this morning and the only arrivals were the Modjeska from Hamilton and the Lakeside from Port Dalhousie. All ferries were cancelled. Waves are running forty feet high outside Hamilton piers.

POLICE SUPPLIES

Ottawa, Aug. 15.—The steamer Neptune leaves Halifax tomorrow with supplies for the police on Hudson's Bay. Supr. Moody will probably come out with the Arctic now in the Bay, when she comes out in the fall.

The Government has granted permission to the 74th regiment of National Guards to visit the Toronto exhibition on September first and fourth. Rothwell law clerk of the Interior Department has left town on inspection of registry offices in the North West.

WEDDING.

KENNETH—PALMER.

A quiet church wedding was solemnized in All Saints church, last evening, by Rev. H. A. Gray, when Miss M. A. Palmer, sister of Mr. C. Ross Palmer, was united in the holy bonds of matrimony to Mr. Robert Kenneth, of this city.

The bride was given away by her brother, Mrs. Palmer, of London, England, aunt of the bride, attended the wedding.

The happy couple left for Banff this morning and will return to the city for the inaugural celebration on September 1.

MR. HAULTAIN'S APPEAL

(Toronto Globe)

The Premier of the Northwest Territories administration is evidently anxious as to the outcome of the political organization of the two new provinces—Saskatchewan and Alberta. In a published letter of some length, Mr. Haultain sets out his position in his usual courteous style, but with less than his usual dialectic force. The tone of the manifesto is suggestive of special pleading on his own behalf, and this will weaken the effect of his appeal on the people whose affairs he has been helping to administer for the past fourteen years. No man who may be found preferring a party system of government will think of bringing against the present no-party administration any charge of either inefficiency or corruption. The issue will be settled on quite other grounds because Mr. Haultain has during his whole regime Liberal colleagues in his Cabinet and Liberal supporters in the Legislative Assembly.

Mr. Haultain washes his hands of the resolution passed by the Conservative convention in 1903, which declared in favor of the introduction of the party system in the government of the Northwest Territories. He affirms that he spoke and voted against the resolution and refused to be bound by it. In order to show that his Liberal opponents may justifiably attach much importance to that declaration of Conservative policy it is not necessary to question the truth of his account of what took place at the Moose Jaw convention. It is obvious that he was not in a position two years ago to control his Conservative followers in the matter, and the Liberals whose aid he wishes now to retain may very properly ask him what ground there is for the assumption that he can control them now. If the Liberals join in establishing a non-partisan administration under his Premiership he may find himself over-ruled by his Conservative supporters if they happen to be in a majority in the Assembly, and constrained to replace his Liberal colleagues with straight Conservatives.

Mr. Haultain contends that he had a right to take part in the London and Oxford bye-elections against the Laurier Government. No one questions that right, but surely he must see that his action was calculated to arouse distrust of him in the minds of Liberals who might otherwise have felt disposed to stand by him in effecting a non-party organization of the new provinces. After asserting his right to embarrass Sir Wilfrid Laurier he cannot question the right of Sir Wilfrid's friends to embarrass Mr. Haultain, even to the extent of trying to take the administration of both provinces entirely out of his hands. The dilemma is, of course, a matter for settlement in accordance with the wishes and ideals of the people of the Northwest, and all indications presage a square party fight at the first election of members to the new Legislative Assemblies.

NOTES AND COMMENTS

Every citizen seems willing to do his share toward the celebration on September 1st.

Today is the 555th day of the Russo-Japanese war. The cost of the war to Japan to date is officially estimated to be about \$665,000,000.

The city fathers in their top hats and frock coats will be one of the sights at the inaugural celebration. Brush up your old tie and be in the swim.

Hon. Mr. Haultain's effort to explain that he remained independent all the time he was campaigning for the Conservatives was meant for a very credulous public.

In an interview in the Calgary Herald one of M. C. McCarthy's choice expressions is, "Brazen piece of political villany." Calgary's M.P. is either not feeling well or he has been reading some of Tupper's old speeches in Hansard.

Now that in a party contest there are good prospects of Liberal victories in both Alberta and Saskatchewan Mr. Haultain is a pure and unadorned non-partisan. At the last Dominion election when he thought the Conservative party would win and he would, as a quid pro quo, be called on to form a government under the autonomy bill, he was a violent partisan. When Haultain is sick, Haultain a saint would be; when Haultain was well, the never-a-saint was in.

The Calgary Herald wants the Red Deer Conservative convention held today to adopt a name signifying a provincial rights organization. The Herald evidently feels certain that the name Conservative would have no such significance.

The Herald is showing a rather unseemly desire to get rid of its party name. It seems to think whatever line of policy is adopted at the Red Deer convention would have better chances if not handicapped by its party name. It is doubtful if the Herald's advice will be taken, but if it should, the Liberals can be relied upon to remember that this is a Conservative convention and that a Tory party by any other name will smell as sweet.

THE SCRIP ENQUIRY

ADDRESSES OF COUNSEL HEARD

The Evidence is all in in the Scrip Enquiry Ordered by the Minister of the Interior—Judgment may not be Given for Six Weeks

The scrip enquiry ordered by the Minister of the Interior is now closed the evidence being all in. The arguments by counsel before Judge Myers in the scrip enquiry, took place on Friday, H. W. H. Knott opened on behalf of the petitioners, H. Phillips spoke on behalf of the Dominion Government, and H. M. Howell, K.C., on behalf of H.C. Macdonald and other defendants.

Mr. Knott in opening explained how the trouble began, how Mr. McKenna the scrip commissioner had ruled against some of the halfbreeds getting scrip as he considered they came under the American Indian department. As far as the breeds were concerned, and the reasons, which prompted Mr. McKenna in disallowing their claims from 1901 to the present time they never knew.

He claimed the Dominion Government never notified them that their claims were being reconsidered or that the order-in-council had been promulgated, stating that those claims were being reconsidered. On August 13 the order-in-council was passed and Macdonald repudiated his energies and asked the judge that he could into his hands. Mr. Macdonald or his agents, had secured control of 130 scrip out of 136 affected by the order-in-council. Only six of the whole number were in independent hands.

He said he might point out to the court that the actions of Macdonald and his agents should be scrutinized with great care, to say the least. He contended the onus lay on Macdonald to make it clear to the judge that they did know what they were doing when they signed away their title to the scrip. Mr. Knott then went into the evidence presented and pointed out to the court how the scrip had been secured by Macdonald and his agents. In concluding Mr. Knott made an eloquent appeal to the court to see that the halfbreeds were not defrauded.

MR. PHILLIPS ADDRESSES COURT

On behalf of the Crown, Mr. Phillips said the statute his honor was appointed under in this commission had reference to enquiry into matters of public concern. This was particularly fortunate, as otherwise those who were supplicants in the case would not have had the means provided to have their cases inquired into. He suggested that they should not apply the strict principles of legal interpretation to ascertain whether or not there had been fraud or misrepresentation. The courts had properly refused to define a fraud; there were so many kinds that they were limitless. He commented on the fact that Macdonald in his anxiety had assisted 2,000 applicants for scrip. Was it a matter of wonder that the halfbreeds should come to look at such a man as a government representative? The evidence had been taken by his honor and it was for him to report whether he considered there had been fraud committed. Against the evidence of the halfbreeds themselves, the defense had the evidence of clerks and servants going into the witness box to swear to a general statement.

H. M. HOWELL, K.C. followed for the defense. He said that Mr. Macdonald was not a plain man. Mr. Macdonald had felt that McKenna's ruling was wrong and he said to himself he thought he could make money by buying the scrip, and incidentally the halfbreeds would benefit by his actions. He refuted the alleged actions of Macdonald in forcing the halfbreeds with threats of imprisonment.

F. H. PHIPPS SPEAKS
F. H. Phipps followed. He said Macdonald was under a contract to deliver certain scrip and threatened with action if he did not. With these cases tied up, he asked the judge to make an interim report and specified certain scrip he wished released, to which no objection could be made. His Honor Judge Myers said that if he decided in favor of the interim report, he would probably make it in a week. Otherwise it would be six weeks before he was ready to report.

C. P. R. REPORT

C. P. R. REPORT

Inaugural Committee.

Continued from page one.

should be engaged to be here on the first.

On motion of Messrs. Morris and McDougall it was decided to engage the band and orchestra.

The mayor said they were in correspondence with the MIRA Department with a view to having the the Canadian Mounted Rifles attend the celebration.

A communication was read from Mr. Strachy, chairman of the concert committee stating that arrangements had been made for the concert on August 31. Practically were being held and talent had all been arranged for. His committee hoped that the stores of the city would be closed on the evening of the 31st.

The time of closing the places of business was discussed at some length. It was moved by Messrs. Cushing and Mills that a request be made to have the stores close at 8:30 p.m. On a vote being taken the motion was declared lost.

Mr. McDougall, for the souvenir committee reported that the souvenir was well under way and would be ready for the first of September and would be worthy the occasion.

The mayor reported for the invitation committee that about one hundred and seventy invitations had been issued to the persons indicated at a former meeting.

The question of accommodation for the guests and visitors was discussed. It was decided that the different committees take care of their own visitors, such as the base ball and lacrosse teams and polo players.

A communication was received from Secretary Knappan, of the Western Canadian Immigration Association, to the effect that a party of agricultural editors would visit Edmonton on September 1 at 9 a.m. and would remain the entire day, leaving at 8 a.m. the following day.

On motion of Mr. T. W. Lines and Dr. Wilson, it was decided to appoint a special committee to take charge of the entertainment of the agricultural editors. The mayor, T. W. Lines and Dr. Wilson were appointed to name the committee.

It was moved by T. W. Lines and seconded by Alderman Picard, that G. R. F. Kirkpatrick be treasurer of the inaugural committee and that payments be made on the signatures of the secretary and treasurer. The motion was carried.

It was agreed that the city council should prepare civic addresses to be presented to the Governor-General and the Lieutenant-Governor by the mayor.

The meeting adjourned.

ST. PAUL'S ATHLETIC CLUB

A well attended meeting was held in St. Paul's Mission room last evening. The Rev. H. H. Wilkinson in the chair, when it was decided that a club be formed to be called the St. Paul's Athletic Club. An Association football team will be organized at once and cricket practice will also be held. Tuesday and Thursday evenings will be devoted to football practice on the grounds between 10th and 16th streets, east of Boundary avenue. It is also proposed to start a symposium in connection with the club.

Officers were elected as follows:—Hon. President, Rev. H. A. Gray; President, Rev. H. H. Wilkinson; Vice-President, W. G. Plowright; Secretary, C. Lucas; Committee, E. E. Todd, E. Livesey, R. Holloway, W. Thomas.

The first football practice will be held on Thursday next August 17th, at 7 p.m. and a general meeting is called for Tuesday, August 22nd, at 8:30 p.m. in the mission room when a large attendance is hoped for.

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour. If it is in good condition, it will move 3,500 miles in a year and requires less than one tenth of a drop of oil to make it run. But it needs that little badly. Don't take chances. BORCHERT BROUGHT BACK.

Sergeant Wilson, of the N. W. M. P., Calgary, came up to the city last night, bringing with him Dr. G. W. R. Borchert, who left some three weeks ago for Stony Plains with a team belonging to Larsen & Bell and, failing to return he was discovered at Gleichen, east of Calgary. The Gleichen detachment of the N. W. M. P. was notified and they arrested the worthy doctor at Crowfoot, about twenty miles below Gleichen. He appeared to be heading for Winnipeg with the horses. The team is still in Calgary. Borchert comes up for trial at the Mounted Police barracks this afternoon.

Borchert is also wanted on the charge of practicing medicine without authority to enter the profession.

The buggy he was driving was a \$110 rig purchased on time from the Great West Implement Company, and the harness was purchased from Mr. Looby, bought on time also. He had a board bill at the St. Elmo hotel of some \$40 so the time was quite opportune for the Doctor to get out. Last spring the High River people were after Borchert for practicing medicine without a Territorial license.

AGRICULTURAL EDITORS

A company of some twenty-one editors of the great American agricultural weeklies are about to make a tour of Western Canada and will arrive in Edmonton on the morning of September 1. It is rather unfortunate that they should come upon that day when our civic authorities and citizens generally will have their time taken up with the Inaugural celebration, and consequently the same attention cannot be given these visiting editors as the city would otherwise wish.

The party will be composed of the editors of such papers as the Orange Jud Farmer, Farm and Home, Hoard's Dairymen, American Agriculturist, New England Homestead, Wallace's Farm, Iowa Homestead, Wisconsin Agriculturist, National Stockman and Farmer, Indiana Farmer, Tip-To-Date Farmer, Kansas Farmer, Nebraska Farmer, Twentieth Century Farmer, Farmer's Review, Ohio Farmer, Michigan Farmer, Farm, Stock and Home, Breeder's Gazette, The Farmer and Successful Farming.

These are the important agricultural publications which reach the great mass of farmers in the United States, and when a body of men who speak every week to hundreds of thousands of the tillers of the soil visit this rich agricultural district, it is of the very greatest importance that they should be shown the immense agricultural resources of the Edmonton district.

A committee will be appointed to take this matter in hand and it is to be hoped that even in the midst of such a celebration as will be held on September 1 due care will be taken to see that these newspaper men see something of the surrounding country here. A view of the magnificent crops in any of the surrounding districts by these editors would enable them on their return home to say some good things of the future of this, the finest agricultural district of Canada.

The Apple Trade

The Trade Bulletin, Montreal, says that exporters are already looking over the ground of probable operations in the winter seasons of Ontario, and at the present there seems little chance of contracting under \$1 per barrel for the fruit alone. In the Eastern Townships there will be a very good average crop, although not as heavy as at first reported. The crop on the Island of Montreal will be a full average. Advances from Ontario are still conflicting, but it is believed by the trade here to be a fair average. Regarding the American crop and market the "New York Fruit and Produce News" of July 27, says: "Today and tomorrow will see about 300 carrels of Dutchless apples from up the river shipped to various foreign markets, the majority going on the Caledonia for Glasgow."

Exporters depend largely upon the apples along the Hudson river for the first stock to go abroad. Various collectors who have travelled all through the Hudson river district make the same report. There has been little rain throughout that section and apples have dropped very badly and are continuing to drop. At one time it was believed there would be a very heavy pear crop along the Hudson, but the extreme drouth has materially decreased these prospects.

"There will not be more than 40 per cent of a crop along the Hudson when it was expected it would be more than half. There are those who do not think it will be one-third."

"The entire state of New York will not average more than one-third of a crop. Sections where the crop has been heavy may even go to 25 per cent of a crop. It will take several weeks to determine definitely what the final outcome will be. It is positive field-ins will be short in New York."

WESTERN NEWS NOTES

New Orleans, Aug. 11.—Official yellow fever report to six p.m. — New cases 50, total 963. Deaths today 12; total deaths 184; new disease centres 14; total disease centres, 263.

It is rumored in Toronto that the Grand Trunk will give a right of way over the old belt line long ago abandoned, and its other tracks to the Union station to the Canadian Northern in return for corresponding privileges for the G.T.P. in Winnipeg from the C.N.R.

Ray, LeRoy Hooker of Chicago who has been living in Winnipeg for several months past, left his hotel last Tuesday morning and since that nothing has been seen or heard of him. His friends are becoming anxious and would like to learn his whereabouts. Mr. Hooker was staying at the Commercial hotel and was making an interest in the local real estate movement. His personal effects are still at the hotel and his disappearance is beginning to grow into a mystery.

The Winnipeg Commercial says that traffic managers of the northern lines of railroads in the United States have turned their attention toward the immense wheat fields which are being opened up in Assiniboia, Saskatchewan and Alberta, and they have asked the treasury department to help them to get a part of the transportation that is bound to be developed rapidly in that part of Canada. The Great Northern road, especially, is looking towards the Canadian North West, seeing possibilities of an immense traffic within the next few years.

Winnipeg, Aug. 14.—Two boys living on Notre Dame avenue, Karl Kerr and Robert McLaren, aged 11 and 12 years respectively, were taken to the general hospital about noon on Saturday in a very dangerous condition as the result of boyish experimenting with powder. Almost every vestige of the clothing had been burned from the bodies of the lads, when they were taken from the care of Mr. Cadell into the hospital. Robert McLaren is badly burned over his entire body and may die. Karl Kerr is badly burned about the face and arms and has a fighting chance.

Nelson, Aug. 15.—A fierce fire has been raging in the low lying woods along the south bank of the Kootenay River, three miles below Nelson, and for a stretch of four miles the hillside is aflame. The many scattered ranches are in grave danger, especially where newly cleared. All the bridges are out of the wagon road. At Ymir, twelve miles south of here, the whole of Jubilee mountain was on fire, the buildings of the Dundee mine have been destroyed, and the Ymir mine is cut off by the destruction of the wagon road. Some men are known to be on the mountain. Their fate is unknown.

Montreal, Aug. 14.—It is announced from Montreal that a thousand miles of the new Transcontinental railroad will be located by October, and all placed under contract a little later. The Government commission will soon be in a position to invite tenders for the line to connect Winnipeg and Fort William. Every effort is to be made to build the 510 miles connecting Winnipeg with Fort William by the new line as quickly as possible. The end of the Portage Western line is a few miles north of Indian Head. From there the company would build a straight line to Edmonton and all will be put under contract early in the spring.

THE NEWS IN BRIEF

The contract of the Steamship Company to carry mails from Vancouver to Sydney, N.S.W. has been extended one year.

William Vance and David Neely, two farmers, were killed by lightning while standing in a door in Carleton County on Saturday. A third man, Thomas McQuatt, was rendered unconscious, but will recover.

The Government will probably carry out the recommendations of the Imperial Defence Commission for the fortification of Kingston and Vancouver. Plans for protection in Quebec are already underway.

It is now expected the tariff commission will commence labors in British Columbia and work east. The members may be in the North West in time for the inaugural ceremonies of the new Province.

Vancouver Province: Mr. John Dent occurred recently at the Eva mine at Camboorne, East Kootenay. The victim was Jas. Little, a miner, well known throughout the upper country. The deceased was engaged in timbering a tunnel when a rock weighing half a ton, was dislodged from the roof. It fell on him and death was probably instantaneous.

It is good to be a Fort William gliderman. Their town council has been almost depleted by the appointment of Councillor Newcombe as Police Magistrate, Councillor Ollis as Division Court Clerk, Councillor W. T. Rankin as Assistant Assessor and Building and Sanitary Inspector. Councillor Wilson also received the appointment of caretaker of the new civic buildings. There will probably be a rush for the vacancies on the council board in view of what comes to councillors in that town.

Members of the San Francisco Merchants exchange and of other commercial bodies of that city, have started a movement to overcome the boycott that has been placed on American goods by Chinese merchants in many of the cities of China. Resolutions were passed, petitioning President Roosevelt to ascertain through the proper channels the reasons for the present boycott and to take prompt steps to lift it if it is found, so that the trade interests of the country may not suffer.

Vancouver Province: Mr. John Oliver, M.L.A., will ask at the next session of the Legislature for the appointment of a commission to investigate all deals in land on Kootenai Island, including the grant of 10,000 to the Grand Trunk Pacific Ry. Co. There have been so many whisperings of recent months as to certain alleged peculiarities in connection with land deals on Kootenai Island, and Mr. Oliver does not feel that the Government should unjustly rest under a cloud of suspicion. To throw full light into all land grants on Kootenai Island Mr. Oliver will ask for the appointment of the commission till he gets it, as he did in the cases of the Columbia & Western and Kootenai Arm land grant cases. The Legislature is expected to assemble the latter part of next January or early in February.

Free Press: The order-in-council passed by the Ottawa Government in relation to the bounty on steel rails is to remedy a technical defect in the law which the steel companies both at the Soo and Sydney were quick to take advantage of. By the aid of this they have in the past collected bounty twice on the steel that goes into steel rails. Hereafter they will enjoy it only once. They will still get \$2.10 bounty per ton—steel rails plus a duty of \$7 a ton—or a total advantage at the expense of the taxpayer of \$9.10 a ton. Most people would be satisfied with a bonus of these proportions, but a Montreal despatch represents the capitalists in the steel making companies as agitated at the action of the Government. There is no limit to the appetite of the state-aided manufacturer.

The Winnipeg Free Press says it is expected that 18,000 harvest hands will be required to garner the wheat crops in Manitoba and the Territories. Thirteen thousand of them are wanted by farmers of that province and 5,000 will be needed in the Territories. The estimate has been made from reports and applications received at the provincial department of agriculture. Government and railway agents are now at work in Ontario, Quebec and the Maritime Provinces, advertising the fact that western Canada wants to employ a small army of sturdy Canadian sons to gather the biggest wheat crop in the history of the country. Whether or not they will be successful remains to be seen. There is plenty of employment in the east at present and good wages are being paid, so that the inducements to come west for the harvest are not as attractive as they have proven to be in past years.

POTTER & McDOUGALL

LOCAL

—Probe: Fine and cool today and Thursday.

—The firm of Hume & Coos, Lloyd-minister, have dissolved partnership.

—The Sons of England are presenting a Union Jack to the McKay avenue school.

—Dr. Turner has opened an office at the corner of Boyle street and Namayo avenue.

—A rumor was circulated yesterday that the C.N.R. have decided to run a branch west from Leduc.

—Larson returned yesterday from the south bringing in a large number of work horses for sale.

—A proposal to build a \$75,000 city hall in Calgary failed to secure the necessary vote of the taxpayers on Monday.

—Dr. Geo. H. Turner, late House Surgeon of the Royal Victoria Hospital, Montreal, has opened an office for the practice of medicine on the corner of Boyle street and Namayo avenue.

—Mr. H. Munro, of Munro & McIntosh, carriage manufacturers, of Alexandria, Ont., has purchased J. B. Lubbock's feed stable and the lot and building adjoining it from Dr. McKerning.

—Earl Selborne, High Commissioner for British South Africa, has accepted the presidency of the Bible Society's Auxiliary at Johannesburg, where he took the chair at a meeting on August 9.

—Mr. Robert Davies, of Bangor, has sent a donation of £10,000 toward the Centenary Fund of the British and Foreign Bible Society. This excellent gift leaves only £7,000 to be raised, in order to complete the needed quarter of a million guineas.

—Mrs. George Ham, wife of George Ham of the C.P.M., died Saturday in Montreal. Mrs. Ham was a sister of Mrs. F. C. Hopkins, of Calgary. A wife to Mrs. Hopkins says that Mrs. Ham, who recently underwent an operation for appendicitis, was rapidly improving.

—E. Wagner returned on Sunday from a trip through Stony Plain. Crops of all kind are exceptionally good. Wheat cutting began last week and would be general this week. F. Goshel had his entire crop of fall wheat cut last week. One crop of barley was cut as early as July 28.

—The annual picnic of the Presbyterian Sunday school will be held at the Hermitage tomorrow. The steamer Prospector, leaves the bridge at 8:45 a.m., returning in the evening. Children of the Sunday school go free; others 50c. for the round trip. Everybody welcome; bring your basket.

—The outlook for the wool clip in the Territories is splendid. The total will be about 700,000 pounds, of which Alberta will give about 200,000 pounds; Medicine Hat, 60,000 pounds; Walsh, 90,000 pounds, and Grande Creek, 220,000 pounds. The best class of western wool is very fine, almost pure merino, and will clean up to 80 per cent. of scoured wool.

—A large grading outfit of the C. N. R. construction gangs is at work near Belmont school this morning. The country around there shows evidence of great activity. Smoke is rising from the fires and men, teams, scrapers and plows are busy on the right-of-way. This is getting close to the city, and in a very short time work will be begun within the city limits.

—A bylaw to provide money for the erection of a new city hall in Calgary was defeated on Monday. The vote stood 236 for and 293 against, but the number of favorable votes was not large enough to carry it under the provisions of the city's charter, 299 favorable votes being required. A new bylaw was carried the same day by a vote of 374 and only 68 against.

—The D. R. Fraser Company's saw mill will have its supply of logs cut out in about ten days, but the company purposes beginning its operations in the woods much earlier. This year than last. Already they have some men on the limits cutting out roads and preparing for the winter's work. The company has about a million feet of lumber coming down from their mill at the limits, which will keep their planer busy here for some time yet.

DECORATIVE ARCHES.

The decoration committee for the celebration have enlarged their scheme for the construction of arches. They purpose erecting a large double arch on the corner of McDougall street and Jasper avenue at a cost of \$3,000. The club has offered to erect one on the brow of the hill if the committee would grant \$20 towards its expense and the offer was accepted.

Arrangements have also been made by which the committee will erect the frame work of four other arches on Jasper avenue, one from the Alberta hotel to the Queens, one in front of the Buller's office, another across from McDougall and Second to the Windsor hotel and one across in front of Revillon Bros. The house men and hotel proprietors in the vicinity of these arches agreeing to have the same decorated. In this way the committee is securing the erection of six arches in the city at a comparatively small outlay and the result will add greatly to the attractiveness of the city on the first
